

Rooted In Cheyenne:

We want to thank each and every volunteer for your hard work planting trees throughout Cheyenne this Saturday. You made our first Rooted in Cheyenne tree planting event a success! Despite some cold and wet weather, we planted all 106 trees on Saturday.

We also want to give a special shout out to the Tree Care companies and sponsors which made the day a success. The following tree care companies donated staff time, trucks, trailers, and equipment which made this event possible:

[Evergreen Lawn & Tree Care, Inc.](#), [ATR Landscaping LLC](#), [Clean cut Pruning and Mowing](#), [Envisiacare Services](#), [Tree Works](#), [Big Paws Lawn & Tree Service](#), [LCCD](#), [Green Lawn and Tree Care](#), and [Magrum Tree Service](#)

The following local stores and companies donated supplies to keep our volunteers, fed, hydrated and provided additional tools for planting. [Accomplice Beer Company](#), [Cheyenne](#), [Swire Coca~Cola](#), [The Home Depot](#), [Taco John's](#), [King Soopers](#), [Starbucks](#), [Tractor Supply Co.](#), and [Mead Lumber](#)

And of course our financial partners, which allowed us to provide these beautiful trees along our city streets to the adjacent homeowners at a fraction of the retail cost: [Laramie County Conservation District](#), [Wyoming State Forestry Division](#), and [Historic Cheyenne Inc.](#)

Be sure to let these tree care companies, stores, and sponsors know that you value their support for Rooted in Cheyenne. And also give yourselves a pat on the back for, not just a good day's work, but for improving Cheyenne's urban forest for decades to come.

We will be holding another Rooted in Cheyenne planting event in the spring, and we would love to see you there! You can always see what is going on by following our facebook page . If you took any photos of the planting day, be sure to post them here too.

Once again, thank you for your time and efforts planting trees this weekend! We couldn't have done it without volunteers like you!
