

Small Water Development Project Grant Application

Name: _____

Address: _____

Phone: _____

Email: _____

Brief project description: ie (well, pipeline, two stock tanks)

All projects will be ranked out by several factors. The following questions will help us in the ranking process.

Funding requires a minimum of a 50% match in either labor, equipment rental, and or materials. The funding is also reimbursed so you will have to pay for everything up front to include any contractors.

Will you be able to comply with this portion of the agreement?

Yes_____ No_____

Is all of the project on your deeded property? Yes_____ No_____

If not and it is on private property can you obtain written permission to carry this out? Yes___No___

If not is it on federal or state lands that you are leasing? Yes_____ No_____

If yes how long is your lease? _____

Final approval will be given in July of 2019. If selected when would you be able to start the project? _____

All projects are required to be built to engineered specifications.
